**Subject:** Re: DE PSC DRAFT ORDER TO CLAW BACK MONEY FROM BLOOM ENERGY

Alan

This will be the first of many FINES that WE THE PEOPLE, in search of a more perfect union with equal justice and the rule of law, will levy on the scum at Bloom. I expect the Regan EPA to fine Bloom in the amount of \$200 million for the decades of greenwashing and lies by Al Gore, John Doerr, Colin Powell and other Bloomdogglers. These scum stole over \$2 billion in subsidies.

The \$2 million fine for hazmat was just the appetizer.

I will teach Michael Regan Thermodynamics 601 and I will demand the appropriate amount of Whistleblower Fee.

Alan the excrement has just commenced to impinge on the air movement device.

Joe Biden and his friends of Merry Bloomdogglers are going to see that THERMODYNAMICS TRUMPS EVERYTHING.

If Winslow and the DE PDC do their job and get the money back to Ratepayers, I do not need to intervene. If Winslow is a Bloomdogglers, then this will become part of the lawsuit I will bring against the US EPA for ENVIRONMENTAL INJUSTICE.

The left claims that Michael Regan is a Scientist who believes that GREEN LIES MATTER. We will find out if he gets an A in Thermodynamics or is just another BS artist.

Happy New Year  
Lindsay

We will soon find out.

Mr. Regan

These documents will be finalized in late January 2021 when the full year operation of Bloom in Delaware is known.

As an award winning engineer and a real scientist I expect your EPA to give this Clawback full support. No more unequal environmental justice from the EPA. It does not matter that the Oligarch in Chief Louis XX John Doerr owns your next boss Joe Biden. His CO2 poses an EXISTENTIAL THREAT TO US ALL.

Happy New Year
